

**"The energy that Bounce gives during a set is electric!"**

*- Jaime Keogh, Director Scratch Dj Academy, Miami, FL*

**"Dj Bounce mixes up genres in unique ways that constantly keep the crowd guessing."**

*- Enrique Gomez, Manager Wynn Las Vegas, NV*

**"Dj Bounce plays a new set every time..I never hear the same set."**

*- Manuel Guzman, Nightlife Media, Chicago, IL*

**"Bounce knows what to play at the right time and can get any crowd moving to his beats."**

*- Courtney Cawley, Director LEVY Events, Chicago, IL*

**Bookings: 312.342.0112 • [info@DJBounceMix.com](mailto:info@DJBounceMix.com) • [DJBounceMix.com](http://DJBounceMix.com)**

*Dj Bounce has always been around music. Growing up in Blue Island, IL, an environment where music was heard from morning till night, Bounce became exposed to a wide variety of genres from Hip Hop to Rock, Spanish to Reggae and 60's to 90's music. 70's soul especially played a big role in his upbringings as his father played it often.*

*Bounce didn't officially get into the dj game until 1997. After becoming an avid listener of freestyle music and listening to many mixes created by local Chicago djs, Bounce became intrigued by the art of mixing and knew right away that djing was something that he wanted to pursue.*

*In 1999, Bounce moved to Miami, FL to attend Barry University. He became roommates with a Hip Hop dj from New York in addition to 4 other dorm mates from the Islands, whom broadened his knowledge in Hip Hop and Reggae. Bounce continued to create mixtapes throughout the next four years.*

*After graduating from Barry University in 2003, Bounce took a brief break from djing and moved to South Beach where he began to hit the club scene and listen to the hottest djs out at the time. In 2005, Bounce attended the Scratch Academy in South Beach to regain and tighten up on his skills.*

*In 2007, Bounce began performing live in front of crowds at local house parties and events. With gaining more experience and applying all of the music knowledge that he had acquired through out the years, Bounce created his own Mobile DJ service in 2008.*

*In 2009, Bounce began traveling to different parts of the county such as New York, Las Vegas and the Bahamas to perform his unique style of 'Open Format' music. In addition, he became part of an elite group of VJs (Video Djs) that mix music videos live for mass crowds.*

*Currently, Bounce is in high demand in the Miami Beach night life scene as well as across the country. You can check him at hot spots throughout South Florida, Las Vegas, Chicago and New York such as LIV, Mansion, the Hard Rock Hotel and the W Hotel spinning the best of Open Format.*
